Editorial

Swaranaad preschool was missing all the kids aged 3 to 6. But it was not feeling lonely as its past students integrated into normal schools were happy to be there for a month.

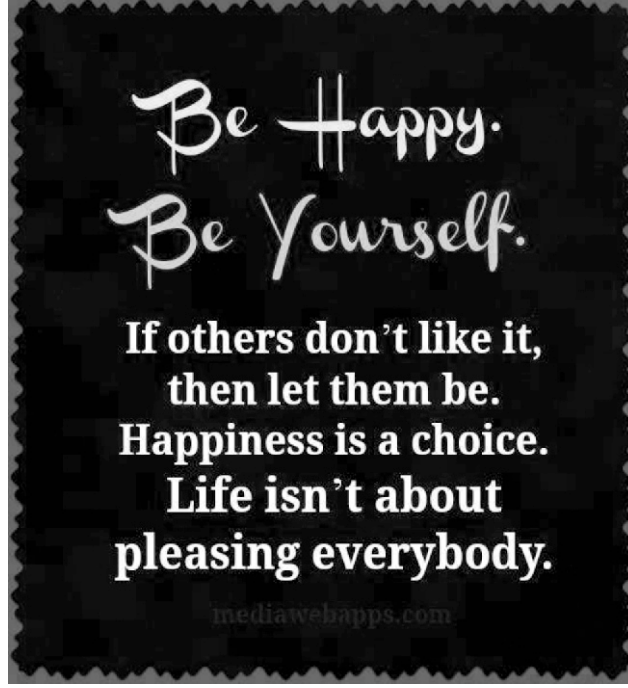

A summer camp was held to boost the education of these hearing impaired children and they have benefited a lot from this camp. Mrs Minaxi Wagh and Mrs Asha Joshi have taken great efforts to start vacation classes for integrated children. The teachers also appreciated the idea of vacation training and were happy to teach the smart and intelligent kids , who are basically the past students of Swaranaad.

This camp started on 2nd May and ended on 4th June with a trip to historical places.

Dr Vinod Talgeri from Germany visited Cochlea and donated Rs 20,000, which he had collected during his lectures in the church in Germany. So now the donors in Germany are also aware of the work being done by Cochlea Pune for Hearing and Speech. (Photo on front Page)

Dr Avinash Wachasundar and Mrs Raksha Deshpande received award from Pune Marathi Granthalay for their book "Hoy! Pratyek karnabadhirmool bolel", on 28th May 2016.
